

OCCUPATIONAL HEALTH AND SAFETY POLICY

The Occupational Health and Safety Policy we have adopted as Siam Elegance Hotels & Spa is based on respect for human beings and the environment in which they live. We are responsible for creating a safe and healthy working environment and doing what is necessary within the limits of our authority. One of our most important goals is to protect all our employees and the environment we work in against potential risks.

In this regard,

- To take all kinds of precautions in accordance with the OHS legislation in force and other requirements related to OHS, to provide tools, materials and Personal Protective Equipment in the workplace and its annexes, and to ensure that they are used when necessary in order to guarantee the health and safety of employees, subcontractors, visitors and our company personnel working outside the workplace,
- To identify and eliminate in secure situations and movements that may cause occupational accidents and occupational diseases, possible accident risks in the workplace and its annexes, in advance by performing an effective risk assessment,
- To identify the risks that may cause occupational accidents and occupational diseases in the workplace, to ensure the health, safety and social welfare of employees, visitors and subcontractors at all levels, and to reduce all kinds of financial and moral losses that may arise in the future for themselves and their families,
- To train our employees in occupational health / safety and to ensure that they act with a good occupational health and safety awareness,
- Make it a model institution among affiliated organizations in terms of OHS practices,
- To estimate the possible situations that may be encountered in the future from today, to continually develop and review our situation by considering the development of the industrial world,

In this direction, we are committed to ensuring the continuity of Occupational Health and Safety.
